## PROGRAM STRUCTURE

The structure of a Bachelor program includes a compulsory part (basic part) and a part formed by the participants of educational relations (variable part). This provides the opportunity to implement Bachelor programs with a different profile of education within the same field of study.

The Bachelor program consists of the following parts:

Part 1 includes disciplines related to the compulsory part of the program. In this part students learn humanitarian subjects, physical education and sport, psychological and pedagogical and theoretical and methodological subjects. The optional part includes theoretical subjects.

Part 2 includes several types of educational and industrial practices.

Part 3 'State Final Attestation' provides for the performance and defense of the graduation qualification work.

## CAREER OPPORTUNITIES

Bachelors are prepared to work in the system of primary general education, in institutions of additional education, have the opportunity to enter the master's program.
