

Radboud Summer School

2-15 August 2015

We invite you to
change perspective

Radboud University

Radboud Summer School

Would you like to spend your summer being part of a unique academic programme that boosts your knowledge and includes exciting social activities? If your answer is yes, be sure to join our first-rate Summer School.

Radboud Summer School is organised by Radboud University, one of the leading academic centres of excellence in the Netherlands, in cooperation with the Radboud University Medical Center (Radboudumc).

The Summer School is intended for both Dutch and international students, PhD candidates and alumni. All courses are taught in English. Take a look at the course overview and decide if you want to spend your summer the smart way!

Overview of courses 2015

Please check the website for admission requirements, the application procedure and the social programme.
